

Bobby George

Vice President & Chief Digital Officer
Carrier

Bobby George is Vice President & Chief Digital Officer for Carrier, leading the company's global digital and information technology strategies and operations. In this role, he is responsible for identifying digital strategies that drive greater levels of customer satisfaction, build new revenue sources and make Carrier a more efficient enterprise.

Bobby has over 25 years of experience in the digital and information technology field. He joined Carrier in 2018 from General Electric, where he served as Senior Vice President & Chief Information Officer for Manufacturing, Engineering & Services. Prior to that, Bobby held digital roles with increasing leadership responsibility at General Electric, St. Jude Medical (Abbott) and Accenture.

Bobby holds a bachelor's degree in chemical engineering from the National Institute of Technology Rourkela and an MBA from the International Management Institute.
