---

**President, HVAC APAC**

**Carrier**

Saif Siddiqui is President, HVAC Asia Pacific, for Carrier. In this role, Saif is responsible for accelerating growth through digitally enabled lifecycle solutions and a multi-brand, multi-tier channel strategy.

Saif has more than 24 years total business experience including 21 years with Carrier across its HVAC, building automation and Fire & Security businesses, including leadership roles in strategy, marketing, product management, lifecycle services and global business transformations. Saif has held several global P&L leadership roles of increasing responsibility, including most recently leading the Global Comfort Solutions HVAC business, and the Global Commercial Fire & Controls business in Carrier Fire & Security.

Saif holds a bachelor's degree in Engineering from the National Institute of Technology, India and a master's degree in business from Yale University.
