CARRIER CORPORATION (“Carrier” or “Buyer”)¹ STANDARD TERMS AND CONDITIONS OF PURCHASE

These STANDARD TERMS & CONDITIONS OF PURCHASE (“**Terms**”) apply when referenced by Buyer’s ordering document(s) which may include transaction documents, purchase orders, releases, statements of work, electronically transmitted (“**EDI**”) orders or other documentation (individually and collectively an “**Order**”) and, where no Order exists, when goods or services are received by Buyer and paid for through the Buyer’s electronic payment system. Buyer may change these Terms at any time in its sole discretion. Such changes shall be effective upon posting of such updates on <https://www.corporate.carrier.com/suppliers/> but shall only apply to Orders submitted to Seller after posting. “**Seller**” or “**Supplier**” of the goods or services subject to an Order is responsible for periodically visiting this site to review any changes to the Terms. By furnishing any goods or partially performing services subject to an Order to Buyer, Seller acknowledges and agrees to be bound by these Terms and any future changes to them. For purposes of this Agreement an “**Affiliate**” shall mean any entity that directly or indirectly controls, is owned by, controlled by or under common ownership or control with Seller or Buyer respectively.

1. CONTRACT OF PURCHASE

Seller agrees it shall sell, and Buyer agrees to purchase from Seller, the goods and/or services described in the Order. Seller shall acknowledge receipt and acceptance of each Order; however, if for any reason Seller shall fail to accept or acknowledge an Order within two (2) business days of issuance by Buyer the Order shall be deemed accepted. Additionally, any conduct by Seller which recognizes the existence of a contract pertaining to the subject matter of the Order including taking any action to fulfill the Order shall constitute unqualified acceptance by Seller of the Order and all its terms and conditions, including these Terms. Seller shall not submit additional or different terms and conditions, and Buyer rejects any additional or inconsistent terms and conditions offered by Seller at any time. If the Seller and Buyer have executed a prior written agreement and such prior agreement (i) has not expired or been terminated and (ii) does not expressly state that these Terms shall not apply, all the provisions of such prior agreement will remain in full force and effect and to the extent the provisions of such prior agreement are not in conflict the Terms, the Terms shall supplement the prior agreement and together shall constitute the Supply Agreement (“**Supply Agreement**”). If there is no prior agreement, or such prior agreement has expired or has been terminated, the terms of the Order, including these Terms, shall constitute the complete and exclusive statement of the terms and conditions of the contract between Buyer and Seller and may be modified only by a written agreement executed by the authorized representatives of both parties (“**Order Agreement**”). The term “**Agreement**” shall refer to either the existence of a Supply Agreement or Order Agreement as applicable.

2. PRICE

The price for the goods and/or services shall be the price as shown on the Order or as set forth in the Supply Agreement (the “**Price**”) which shall not be increased unless expressly permitted by the Agreement. The Price includes: (a) all costs of packaging and delivery to the delivery point including all freight, duties, tariffs and

¹ Each of Carrier Corporation and any of its parent companies, affiliates or subsidiaries shall be entitled to exercise all rights and/or benefits afforded to “Carrier” or the “Buyer” pursuant to these Standard Terms and Conditions of Purchase.

taxes (including sales, excise and withholding taxes) consistent with the applicable Incoterms (b) any commissions to selling agents; and (c) other incidental charges, whether or not such charges are itemized separately on invoices to Buyer. The Price excludes any governmentally imposed value added tax (“**VAT**”) which must be shown separately on Seller’s invoice for each shipment. To the extent goods or services are identified as exempt from sales taxes, the tax identification number and/or other exemption information shall be provided by Seller. The Seller warrants that the Price is not less favorable than that currently extended to any other buyer for the same or like goods or services in equal or lesser quantities. No extra charges or surcharges of any kind will be allowed unless specifically agreed by Buyer in writing. The price of goods and services supplied to Buyer by Seller is subject to decrease upon thirty (30) days prior notice to Seller.

2.1 Tariffs. To the extent the United States or other countries implement duties or tariffs increasing the cost to Buyer to either import the goods or services purchased hereunder or increasing the cost to Buyer to manufacture, export or import Buyer’s end user products in which the goods or services purchased hereunder are incorporated, Seller agrees to reduce the Prices accordingly in an amount equal to 100% of the actual increased cost to Buyer (in the event of any dispute the amount of such increased cost shall be determined solely by Buyer). Seller shall issue a debit memo to Buyer to reflect such price reduction.

3. PAYMENT

Unless otherwise agreed in writing or required by law, invoices will be processed ninety (90) days from the invoice posting date and then paid on the next scheduled payment run if the invoice is accurate and all subject goods and/or services have been received. Payment runs occur at least once per month. Seller shall issue invoices in accordance with the Buyer’s instructions, which may include designated system, format, and process. Seller is responsible for any costs associated with using the designated system. Where Buyer requires use of a designated system, no invoices will be paid or deemed received until submitted in the designated system. All invoices must contain the following information: purchase order number, item number, description of items or services, sizes, quantities, unit prices. Payments of invoices shall be subject to adjustment for shortages, defects, non-conformities, credits and other failures of Seller to meet the requirements of the order or prior orders. Buyer may make payment electronically or by check, provided such check is honored upon presentment by the “Payor Bank.” In addition to any right of setoff or recoupment provided by law, all amounts due to Seller will be considered net of indebtedness of Seller and/or Seller’s Affiliates to Buyer and/or Buyer’s Affiliates. Buyer will have the right to set off against or to recoup from any payment or other obligation owed to Seller, in whole or in part, any amounts due to Buyer or Buyer’s Affiliates from Seller or Seller’s Affiliates. Buyer will provide Seller with a statement describing any offset or recoupment taken by Buyer. Buyer shall also be entitled to invoice Seller for any amounts owed Buyer hereunder (e.g. reimbursement) and such invoices shall be paid by Seller within thirty (30) days of receipt. Buyer shall not be obligated to pay for any goods or services if the invoice for such goods or services is received more than twelve (12) months after the receipt of the goods or performance of the services.

4. REPLACEMENT PARTS, PACKAGING & DELIVERY

In consideration of selection of Seller by Buyer to source the goods and in exchange for payment of ten dollars (\$10.00) which Seller acknowledges it may invoice Buyer at any time, Seller grants to Buyer an irrevocable option for a period of ten (10) years following the delivery date of the goods described in the respective Order (the “**Replacement Period**”), to purchase replacements for or component parts of any such goods, including those which become obsolete during the Replacement Period, at the lowest price at which Supplier sells such goods or parts. Notwithstanding the foregoing, prices for such goods shall be firm and not exceed the price paid for the goods pursuant to the respective Order for the first five (5) years of the Replacement Period except for and only to the extent an increase is required to compensate Seller for actual cost differences in packaging and shipment.

Seller will properly pack, mark, track, ship and deliver all goods according to the requirements of Buyer, the involved carriers, and the country of destination. If there are no instructions, goods will be packaged and shipped in a manner sufficient to ensure that the goods are delivered in undamaged condition. The goods shall be delivered assembled and ready for use to the address or location specified in the Order (“**Carrier Location**”).

Unless otherwise specified in the Order or Agreement, Incoterms© 2020 DDP to facility specified by Buyer will apply to all shipments. If Buyer has agreed to pay for transportation in the Agreement the Seller, when directed by Carrier, shall utilize Carrier's Transportation Management System ("**TMS**") for all domestic and international shipments. If the TMS is not utilized Seller shall pay Buyer the difference in shipping cost between the applicable TMS' shipping rates and Seller's rates. If the Seller is paying for transportation the Seller shall have their own TMS in place to assure the most efficient modes of transportation are utilized and to provide Carrier with end-to-end visibility. Delivery of goods or performance of any required services is not complete until goods or services have been actually received and accepted by Buyer. The obligation by Seller to meet the delivery or performance date is material and TIME IS OF THE ESSENCE with respect to Seller's obligation to deliver goods and performance of the services. Buyer's acceptance of goods or services not timely delivered or performed is not a waiver of its right to damages. Seller bears the risk to ensure it possesses the required raw materials and components necessary to meet its delivery obligations. If an expedited shipping method is required to meet the delivery dates in the Order (or such earlier or later delivery dates otherwise agreed to by Seller and Buyer), Seller shall utilize such method and pay all premium freight costs. If Seller's failure to timely deliver conforming goods or services disrupts Buyer's production schedule, Seller shall be liable for all damages, including: (i) premium paid to secure alternate goods or services from another supplier (if feasible); (ii) all premium or expedited freight costs; and (iii) any additional costs or lost profits resulting from production down time or project delays.

5. FORCE MAJEURE

Neither party shall be deemed to be in breach of this Agreement to the extent any failure or delay in performance results from causes that are, at one and the same time, unforeseeable, unavoidable, outside of such party's control and not occasioned by such party's fault or negligence (each an "**FM Event**"); provided that upon the occurrence of each FM Event, the affected party shall give notice thereof to the other as soon as possible specifying each occurrence of an FM Event, the period of delay it reasonably expects to incur, and the steps it is/ it anticipates taking to mitigate each FM Event. If a failure or delay in performance is caused by an event affecting any of Seller's suppliers, such failure or delay shall not be excused by application of this section unless such event is an "FM Event" as defined above and the good or service to be provided by such supplier is not obtainable by Seller from other sources in a timely manner. For the avoidance of doubt, (i) change in cost or availability of materials or components based on market conditions or Seller's actions, (ii) financial difficulties or the inability of either party to make a profit or avoid a financial loss, (iii) changes in prices or market conditions, including the general lack of availability of materials, premiums, labor, or energy, or (iv) the financial inability of a party to meet its obligations hereunder shall not constitute an FM Event. During the delay or failure to perform by Seller, Buyer shall not be prevented by any clause set forth in this Agreement from taking any steps necessary to mitigate its damages and avoid manufacturing disruption including, but not limited to (a) purchasing goods from other sources and reducing its schedules to Seller by such quantities, without liability to Buyer; (b) requiring Seller to deliver to Buyer at Seller's expense all finished goods, work in process and parts and materials produced or acquired for work under the Order; or (c) having Seller provide Products from other sources in quantities and at a time requested by Buyer and at the Price set forth in the Order. If an FM Event results in a delay of more than ten (10) days, Buyer shall have the option to terminate all Releases to the extent affected by the Event(s). Such termination shall discharge all obligations and liabilities of the parties under such Releases with respect to the purchase and sale of the affected good(s) and or services.

6. WARRANTY

One or more of the following warranties shall apply to goods or services Buyer purchases from Seller:

Goods. Seller warrants to Buyer and its Affiliates, successors, assigns, customers and end users ("**End Users**") of the goods or Buyer's products incorporating such goods ("**Products**") sold by Buyer that all goods provided hereunder shall: (i) be merchantable; (ii) be new upon receipt by Buyer; (iii) be free from defects in material and workmanship; (iv) be free from defects in design, except to the extent the goods are designed by Buyer; (v) be in strict compliance with all specifications, samples, standards, drawings, and performance requirements; (vi) be in compliance with all applicable regulations and other legal requirements concerning the manufacture, labeling, packaging, packing and delivery of the goods including, but not limited to, all the applicable safety, environmental and export regulations of the United States and the European Union; (vii) be selected, designed, manufactured and assembled based upon Buyer's stated use; (viii) be fit for their intended

purpose(s); (ix) be free from liens and encumbrances on title; and (x) not, through use or as part of a Product in any way infringe or contribute to the infringement of any intellectual property right in the United States or elsewhere, and no claim, action or suit alleging any such infringement or contribution to infringement is pending or threatened against Seller, its employees, agents, suppliers or contractors; and (xi) not contain any open source software or other third party software that imposes any obligations or conditions on Buyer's intellectual property or confidential information (collectively "**Goods Warranty**").

Seller's obligation under this Goods Warranty shall not be affected by and shall survive delivery, inspection, test, acceptance, payment, and use for a period beginning on the later of the date of installation of the goods or Products, or the date the goods are delivered after a warranty repair or replacement and equal to the longer of sixty (60) months or the duration of any warranty of the goods or Products provided by Buyer in connection with Buyer's sale of its Products, which durations will be provided by Buyer upon written request and are INCORPORATED HEREIN BY REFERENCE. If nonconformities are identified, Seller agrees, at Buyer's option, to either (a) reimburse Buyer for the full cost of all nonconforming goods and all costs incurred by Buyer in correcting or replacing such goods or Products; or (b) to repair or replace the goods at Seller's sole cost and expense. In the event Buyer elects (b), Seller agrees, at Seller's sole cost and expense, to promptly correct defects in or replace all the goods not conforming to the foregoing warranty. In the event that Seller fails to timely correct defects in or replace nonconforming goods as determined by Buyer in its sole discretion, Buyer, after reasonable notice to Seller, shall then have the right to correct or replace all nonconforming goods with alternate goods and charge Seller for the cost incurred by Buyer in doing so. If nonconformities in the goods are identified after shipment of the goods or Products to Buyer's customer, the goods may be scrapped, retained, or held for Seller's disposition, at the discretion of Buyer, Buyer's customer or the End User. Seller shall promptly reimburse Buyer for all expenses and damages incurred by Buyer, Buyer's customer or the End User regardless of the nature of such expenses or damages as a result of or relating to failure to comply with the foregoing warranty, including but not limited to repair, replacement, rework, removal and reinstallation costs, shipping costs, damages and/or accommodation payments, production delays, payment withholds, field service costs, recall costs, administrative costs and costs of filing and complying with legal and regulatory requirements, including but not limited to those of agencies such as the Consumer Product Safety Commission.

Software/Firmware. To the extent the goods contain compiled and embedded versions of software needed for the goods to function (individually or collectively, "**Firmware**") or the goods constitute, include or incorporate software owned or licensed by Seller (individually or collectively, "**Software**"), Seller hereby authorizes Buyer to sell, resell and/or license the Firmware and Software to Buyer's customers and/or End Users. Seller warrants to Buyer, Buyer's customers and End Users that all Software and/or Firmware sold to Buyer either as a good or incorporated into a good or service shall perform in conformity with the specifications and other documentation provided by Seller describing the functionality of the respective Software and/or Firmware (collectively, the "**Software Specifications**") for a period of sixty (60) months after installation by End Users (the "**Software Warranty**" and the "**Software Warranty Period**", respectively). If the Software or Firmware fails to conform to the Software Warranty during the Software Warranty Period, at Buyer's option, Seller shall promptly repair or replace the Software or Firmware or provide a full refund of the license and other fees paid with respect to the Software (or if Firmware provide a full refund of the purchase price of the good containing such Firmware). If Seller fails or is unable to promptly repair or replace the Software or Firmware, Buyer, Buyer's customer or End Users, as applicable, shall be entitled to a full refund of the license and other fees paid with respect to the Software (or in the case of Firmware a full refund of the purchase price of the good containing such Firmware). At Buyer's option, Seller will refund Buyer and Buyer will assume any obligation to refund Buyer's customer or End Users.

Services. Seller warrants to Buyer that all services provided: (i) have been and will be performed in a professional and workmanlike manner and in accordance with current, sound and highest generally accepted industry standards and practices by appropriately licensed, trained, and supervised personnel who are experienced in the applicable field(s); and (ii) do, if applicable, and will conform to and be in compliance with all applicable specifications, performance requirements and other requirements contained in the Order (collectively, the "**Service Warranty**"). Seller agrees that should any services not conform to the Service Warranty, Seller will re-perform or correct such nonconforming services at at Seller's sole cost and expense. In the event of failure by Seller to do so promptly, Buyer, after reasonable notice to Seller, may perform or correct such nonconforming services and charge Seller for all costs incurred by Buyer thereby.

Notwithstanding any other provision, in addition to the foregoing, Seller shall be liable for Buyer's actual costs, expenses and damages related to or arising from services not conforming to the Services Warranty. Seller warrants to Buyer that all documentation and certifications by Seller or Seller's subcontractors or business partners related to the services are current, complete, truthful, and accurate and have been signed or stamped, as applicable, by individuals authorized and qualified to sign or stamp such documentation and certifications. Except for permits and/or licenses required by statute or regulation to be obtained by Buyer, Seller agrees to obtain and maintain - at its sole cost and expense - all permits, licenses and other forms of documentation required in order to comply with all existing national, state, provincial or local laws, ordinances, and regulations, or of other governmental agency, which may be applicable to Seller's performance of work hereunder. Buyer reserves the right to review and approve all applications, permits, and licenses prior to the commencement of any work hereunder.

Epidemic Failure. If at any time a governmental agency of any country, state, province or municipality requires Buyer to conduct a product safety recall or a field fix program with respect to any goods or services provided by Seller (or any Products), or Buyer voluntarily undertakes such an action related to the goods, services or Products, Buyer will notify Supplier within thirty (30) days of the initiation any such action and Supplier shall reimburse Buyer for all related costs, expenses or damages arising as a result of such recall or field fix program.

Right of Set Off / Off Set. Buyer shall be entitled to deduct, set off or offset all costs and expenses associated with Seller's failure to comply with the foregoing warranties against any amounts Buyer or any of its Affiliates may owe Seller or any of its Affiliates.

Return of Non-Conforming Goods. Buyer expressly rejects all return material authorization (RMA) or similar policies of Seller. To the extent Buyer agrees to return any goods, Seller shall cover or reimburse Buyer for the cost of all necessary packaging and shipping. Failure to return any nonconforming goods that are incorporated into Products in Buyer's customers' possession or installed at End User locations shall not be a bar to recovery of any remedies specified herein.

7. QUALITY & AUTHENTICITY OF GOODS

All orders for goods (and associated services) are subject to the requirements contained in the Carrier Quality Manual ("**SQM**"), which is incorporated herein by reference. The SQM is located on the Buyer's website at:

<http://www.corporate.carrier.com/>

or

<https://www.corporate.carrier.com/suppliers/>

Seller acknowledges receipt, review and acceptance of the SQM. Buyer reserves the right at its discretion to revise or amend the SQM at any time, and Seller agrees that any such revised or amended SQM, as posted on the Buyer's website or otherwise made available to Seller, shall be binding on the Seller with respect to all future Orders. All goods sold by Seller to Buyer shall conform to Buyer's quality standards and requirements set forth in the SQM and any specifications, drawings, samples or other document upon which the order is based. Buyer, without prejudice to any other rights or remedies, including the right to inspect goods after delivery, shall have the right at all times to inspect and test the goods during manufacture or processing or while stored under Seller's control. Seller shall not make any changes during the term of the Agreement in the quality, in the location of manufacture, or in Seller's processes related to the goods without prior notification to and written acceptance of such changes by the Buyer.

Seller further represents and warrants that only new and Authentic materials are used in the goods sold to Buyer and that the goods contain no Counterfeit Parts.

“Authentic” means (a) genuine, (b) from the legitimate source claimed or implied by the marking and design of the goods, and (c) manufactured by, or by a third party at the request and to the standards set by, the manufacturer that has lawfully applied its name and trademark to such goods.

“Counterfeit Part(s)” means a part, component, module, or assembly whose origin, material, source of manufacture, or branding are misrepresented. This term includes, but is not limited to, (a) parts that have been marked/remarked in such a way that disguise or falsely represent the identity of the manufacturer, and/or (b) previously used parts pulled or reclaimed and provided as “new”.

“Unauthorized Distributor” means a person, business, or firm that is not authorized by the original equipment manufacturer (**“Manufacturer”**) to sell or distribute Manufacturer’s goods but which purports to sell, broker, and/or distribute Manufacturer’s goods. Purchase of parts/components from Unauthorized Distributors is not permitted unless first approved in writing by Buyer.

No other material, part, or component other than a new and Authentic part is to be used unless approved in advance in writing by Buyer. To further mitigate the possibility of the inadvertent use of Counterfeit Parts, Seller shall only purchase Authentic parts/components directly from the Manufacturer or through the Manufacturer’s authorized distribution chain. Seller must make available to Buyer, at Buyer’s request, documentation that authenticates traceability of all parts/components to the applicable Manufacturer.

8. TECHNOLOGY GOODS, SOFTWARE OR SERVICES

8.1 Support. Seller further agrees to provide Buyer and End Users with reasonable support services for Software and Firmware at no additional charge which shall, at a minimum, include (a) correction of all failures of the Software/Firmware to perform in accordance with the applicable Software Specifications including programming, servicing and repairs required to maintain the Software/Firmware so that it operates properly and in accordance with the Software Specifications, (b) telephone support during regular business hours, (c) online access to technical support bulletins, (d) providing all updates, modifications, bug fixes and releases that Seller provides customers generally at no additional charge, and (e) responding to Critical Issues (as defined below) within thirty (30) minutes of Buyer’s request and initiating corrective work within two (2) hours thereafter, regardless of day of week or time of day. **“Critical Issues”** are substantial failures of the Software/Firmware, or failure of any Software/Firmware critical to the End User’s operations. Seller shall initiate work on all other support issues within four (4) hours from receipt of a service request. In the event Seller fails to achieve the foregoing response times for either responding to or initiating correction, Seller shall issue to Buyer a credit in the amount of \$250.00 for each additional hour.

8.2 Availability of Cloud-Based Software. To the extent Seller provides cloud-based Software and/or Software services via the Internet or other network connectivity (**“Cloud Software”**), Seller will make the Cloud Software Available, as measured over the course of each calendar month, 99.5% of the time, as measured on a 24-hour-a-day basis, excluding unavailability as a result of the Exceptions described below (the **“Availability Percentage”**). **“Available”** means the Cloud Software is available for access and use by Buyer or End User, as applicable (the **“End User”**) over the Internet and operating in material accordance with the Software Specifications. In the event the Cloud Software is available between 98% and 99.5% of the time, Buyer or End User as applicable, shall be entitled to a credit in the amount of ten percent (10%) of the monthly fee for the Cloud Software due in the month the failure occurred. If the Cloud Software is not available at least 98% of the time, Buyer or End User as applicable, shall be entitled to a credit in the amount of forty percent (40%) of the monthly fee for the Cloud Software due in the month the failure occurred. In the event the Cloud Software is not available at least 70% of the time, Buyer or End User as applicable, shall be entitled to a credit in the amount of seventy percent (70%) of the monthly fee for the Cloud Software due in the month the failure occurred. For purposes of calculating the Availability Percentage, the following are **“Exceptions”** to the service level requirement, and the Cloud Software shall not be considered unavailable if any such inaccessibility is due to: (i) the acts or omissions by Buyer or End User, as applicable; (ii) Buyer or End User’s Internet connectivity; (iii) Internet traffic problems not under Seller’s reasonable control; (iv) Buyer or End User’s failure to meet minimum hardware and/or software requirements, if any; (v) Buyer or End User’s hardware, software, or other equipment; (vi) any hardware, software, service, or other equipment not provided by Seller and used by a Buyer or End User

8.3 Security by Design. Seller represents and warrants it has made commercially reasonable efforts consistent with industry standards to ensure that all Software and Firmware is designed free from material vulnerabilities (whether in proprietary software code or third party software code, including the applicable operational support system (“**OSS**”)) and a reasonable commercial security by design program has been established and maintained for all Software and Firmware, including when used in, or incorporated the goods, or Software/Firmware used in the installation, maintenance, configuration, or support of the goods (the “**Security Protocol**”). The Security Protocol will include a testing regime designed to model threats and detect security and design bugs, defects, and flaws through: (a) penetration testing (ethical hacking); (b) OSS scanning; (c) static code analysis and (d) all other testing and verification necessary to ensure adherence to industry standard “Security by Design” principles (collectively, a “**Security by Design Program**”). Seller further represents and warrants that it will reasonably assist with and participate in any similar Security by Design Program established by Buyer, including providing Buyer documentation regarding Seller’s compliance with these requirements reasonably requested by Buyer

8.4 Vulnerability Notice and Remediation. During the usable life of the goods (i.e., until the formal end-of-life of any Good) in commercial use, Seller shall monitor and address all Software and Firmware material threats and vulnerabilities by: (a) issuing necessary patches or updates; (b) providing prompt notice to Buyer of said threats and vulnerabilities, prior to any public disclosure, except where such notice would be impracticable; and (c) developing fixes, workarounds, and/or compensating security controls and documentation (“**Remedial Actions**”) to address any unmitigated material threats and vulnerabilities while Seller undertakes the process of issuing patches or updates, and providing Buyer notice of Remedial Actions as soon as reasonably practicable. Seller shall flow these requirements to its contractors, subcontractors and suppliers at any tier for the performance of this Agreement. If Seller fails to fully and timely comply with this Section 8, Buyer shall be entitled to the following remedies which shall be in addition to all other remedies available to Buyer (a) Buyer may, in its sole and absolute discretion, revoke the acceptance, reject, abandon, return or hold such goods at Seller’s expense and risk (“**Refused Goods**”), and (b) Buyer may cancel in whole or in part, i) any Order, ii) any other agreement, iii) any other obligation Buyer may have to purchase any or all goods from Seller, or iv) any combination of (i), (ii) and (iii) (collectively, “**Canceled goods**”), and (c) at Seller’s sole cost (including the cost for expediting, quality validation, losses related to adverse effects on Buyer’s business), Buyer may source replacements for any Refused goods and/or Canceled goods.

8.5 Buyer Information Collected or Stored By Seller. Seller agrees to comply with the terms of **Attachment A, Data Privacy & Security For Carrier Information** whenever the Seller acts as a Data Controller including, but not limited to, collecting or processing Personal Information and/or storing Carrier Information on Carrier’s behalf.

8.6 Artificial Intelligence. For goods or services that incorporate or utilize Artificial Intelligence (AI), Seller shall also comply with **Attachment E – Artificial Intelligence**.

9. ACCESS TO FACILITIES, SYSTEMS OR CARRIER INFORMATION

Seller agrees to comply with the terms of **Attachment B, Access to Facilities or Systems** whenever Seller personnel will be granted access to (i) Facilities and/or (ii) Systems.

10. INDEMNIFICATION; DEFENSE OF CLAIMS

SELLER SHALL DEFEND, INDEMNIFY AND HOLD HARMLESS BUYER, BUYER’S CUSTOMERS, AFFILIATES, INSURERS, AND THEIR RESPECTIVE EMPLOYEES, OFFICERS, DIRECTORS, REPRESENTATIVES AND AGENTS (TOGETHER, THE “**BUYER INDEMNITEES**”) FROM AND AGAINST ANY AND ALL CLAIMS, ALLEGATIONS, SUITS, DEMANDS, PROCEEDINGS, JUDGMENTS, AWARDS, LOSSES, LIABILITIES, DAMAGES, PENALTIES, FINES, ASSESSMENTS, COSTS OR EXPENSES (INCLUDING ATTORNEYS’ FEES) OF ANY KIND OR NATURE (COLLECTIVELY, “**DAMAGES**”), RELATING TO, ARISING

OUT OF, OR CAUSED BY SELLER'S PERFORMANCE HEREUNDER INCLUDING, BUT NOT LIMITED TO, BREACH OF WARRANTY, BREACH OF CONTRACT, FRAUD, NEGLIGENCE, WILLFUL MISCONDUCT, OR USE IN PRODUCTS OF PERFLUOROALKYL AND/OR POLYFLUOROALKYL SUBSTANCES ("PFAS") INCLUDING ANY SUBSTANCES OR COMBINATIONS OF SUBSTANCES WHICH CAN DEGRADE INTO PFAS.

SELLER WILL FURTHER INDEMNIFY, DEFEND, AND HOLD HARMLESS THE BUYER INDEMNITEES AS WELL AS ANY SUBLICENSEES, SUBCONTRACTORS, AND EACH SUBSEQUENT BUYER OR END USER FROM AND AGAINST ANY DAMAGES ARISING FROM ANY ALLEGED INFRINGEMENT OR VIOLATION OF ANY INTELLECTUAL PROPERTY RIGHTS OR LICENSE, INCLUDING BUT NOT LIMITED TO ANY CLAIM ARISING FROM USE OF OPEN SOURCE SOFTWARE AND/OR STANDARD ESSENTIAL PATENTS, RELATED TO THE MANUFACTURE, USE, SALE, OFFER FOR SALE, IMPORT, OR OTHER EXPLOITATION OF ANY GOODS DELIVERED OR SERVICES PERFORMED IN CONNECTION WITH ANY ORDER. IF ANY GOODS OR SERVICES, IN WHOLE OR PART, CONSTITUTE OR MAY CONSTITUTE INFRINGEMENT OR MISAPPROPRIATION OF ANY THIRD PARTY'S INTELLECTUAL PROPERTY RIGHTS, OR IF BUYER'S OR BUYER'S AFFILIATES' USE THEREOF IS OR MAY BE ENJOINED, SELLER, IN ADDITION TO ITS INDEMNIFICATION OBLIGATIONS, WILL PROMPTLY: (I) SECURE THE RIGHTS TO CONTINUE USING THE INFRINGING GOODS, OR (II) RE-PERFORM THE SERVICES OR REPLACE THE GOODS WITH COMPARABLE NON-INFRINGING GOODS, OR (III) MODIFY THE GOODS SO THAT THEY BECOME NON-INFRINGING WITHOUT LOSS OF MATERIAL FUNCTIONALITY AND WITHIN A TIME ACCEPTABLE TO BUYER, OR (IV) AT BUYER'S OPTION, ACCEPT RETURN OF THE GOODS AND REFUND OF THE PURCHASE PRICE. SELLER SHALL REIMBURSE BUYER FOR BUYER'S COSTS INCURRED IN OBTAINING ALL INTERNAL, EXTERNAL AND BUYER'S CUSTOMER APPROVALS, QUALIFICATIONS, CERTIFICATIONS, AND THE LIKE, NECESSARY FOR MAKING, USING, PROVIDING AND SELLING ALTERNATE NON-INFRINGING GOODS. The following clauses of this policy are incorporated into Carrier's Standard Terms & Conditions of Purchase which may be found at <https://www.corporate.carrier.com/suppliers/terms-conditions/> (the "**Terms**") and any Agreement whenever the Seller acts as a Data Controller including, but not limited to, collecting or processing Personal Information and/or storing Carrier Information on Carrier's behalf. All capitalized terms used in this policy but not defined shall have the same meaning given to them in the Terms.

A. DATA PRIVACY

1. The following definitions are applicable to this data privacy clause ("**this Clause**"):
 - a) "**Data Privacy Laws**" means any national, federal, state, and provincial laws applicable to the processing of Personal Information by Supplier in the course of the performance of the Agreement.
 - b) "**Personal Information**" means any information relating to an identified or identifiable natural person ("**Data Subject**") who can be identified, directly or indirectly, in particular by reference to an identifier such as a name, an identification number, location data, an online identifier or to one or more factors specific to the physical, physiological, genetic, mental, economic, cultural or social identity of that natural person. For the sake of clarity, Personal Information includes, without limitation, any information qualifying as personal data under Data Privacy Laws.
 - c) "**Data Breach**" means any actual or reasonably suspected incident leading to the accidental or unlawful destruction, loss, alteration, unauthorized disclosure of, or access to, Personal Information transmitted, stored or otherwise processed.
 - d) "**Data Controller**" means the natural or legal person, public authority, agency or other body which, alone or jointly with others, determines the purposes and means of the processing of Personal Information. If unclear, the term data controller will be interpreted as per the European Union's General Data Protection Regulation ("**GDPR**").
 - e) "**SCCs**" means the "**EEA Standard Contractual Clauses**" being the standard contractual clauses approved by the European Commission Implementing Decision (EU) 2021/914 of 4 June 2021 and the "**UK Standard Contractual Clauses**" being the International Data Transfer Addendum to the EEA Standard Contractual Clauses issued by the Information Commissioner ("**ICO**") under section 119A of the Data Protection Act 2018.
2. Supplier shall:
 - a) comply with all applicable Data Privacy Laws;
 - b) neither sell, nor exchange for anything of value, Personal Information processed hereunder in the course of the performance of any Order and thereafter;
 - c) in the performance of an Order, not process Personal Information for any purposes other than to provide the products and or services, and shall not disclose such Personal Information to any third party, unless requested to do so by Carrier or where mandated by law, e.g., through regulatory request for, subpoena, search warrant, or other legal, regulatory, administrative, or governmental process seeking disclosure of Personal Information. Supplier shall use commercially and legally reasonable efforts to limit the nature and scope of the required disclosure to the minimum amount of Personal Information required to comply with applicable

law. Unless prevented by applicable law, Supplier shall provide Carrier with advance written notice of any such disclosure request sufficient to allow Carrier to contest legal, regulatory, administrative, or other governmental processes, and shall co-operate with Carrier to limit the scope of the disclosure to what is strictly required by law;

- d) immediately inform Carrier if, in the Supplier's opinion, the collecting or processing Carrier Personal Information pursuant to this Clause infringes Data Privacy Laws;
- e) notify Carrier promptly in writing of any (new) Data Privacy Laws that (i) potentially impact Supplier's ability to deliver the goods or provide the services, (ii) mandate any specific contractual terms to be added herein, or otherwise require any amendment to this Clause, or (iii) which impose any obligations on Carrier or Supplier that deviate from this Clause;
- f) where Supplier engages a sub-processor for carrying out specific processing activities (on behalf of Carrier), only do so by way of an agreement which imposes on the sub-processor, in substance, the same or equivalent data protection obligations as the ones imposed on Supplier in accordance with this Clause. Supplier shall ensure that the sub-processor complies with the obligations to which the Supplier is subject pursuant to this Clause and applicable Data Privacy Laws. Supplier shall remain fully responsible and liable for the acts and omissions of any sub-processor or other such third-party subcontractor, that processes Carrier Personal Information on Supplier's behalf in the same manner and to the same extent as it is responsible for its own acts and omissions with respect to such Carrier Personal Information. Supplier shall notify Carrier of any failure by the sub-processor to fulfil its contractual obligations;
- g) take reasonable steps to ensure the reliability of Supplier's employees, agents, representatives, subcontractors, subcontractor employees, or any other person used by the Supplier ("**Supplier's Personnel**") who have access to Personal Information provided by Carrier, including by (i) ensuring that all Supplier's Personnel are obligated to maintain the confidentiality of Personal Information by contractual or legal obligations of confidentiality in favour of Carrier equivalent to those in the Terms, (ii) ensuring that Supplier's Personnel comply with the terms of this Clause, and (iii) ensuring that each member of Supplier's Personnel has undergone appropriate training in data protection, and has received the necessary instructions to process Personal Information in accordance with this Clause. In any event, the Supplier shall limit access to the Personal Information to Supplier's Personnel on a strict need-to-know basis. Supplier shall regularly review the list of Supplier's Personnel who have access to the Personal Information and immediately withdraw access, if no longer necessary;
- h) assist Carrier in ensuring compliance with the following obligations, taking into account the nature of the Personal Information processing and the information available to the Supplier. The obligation to: i) conduct a '**Data Protection Impact Assessment**' – (D)PIA; ii) conduct a Transfer Impact Assessment ("**TIA**"); iii) consult the competent authorities prior to processing where a (D)PIA indicates that the processing would result in a high risk in the absence of measures taken by Carrier to mitigate the risk; iv) ensure that Personal Information is accurate and up to date, by informing Carrier without delay if the Supplier becomes aware that the Personal Information it is processing is inaccurate or has become outdated; v) the obligations in Article 32 GDPR and Articles 33, 36 to 38 GDPR; vi) provide a privacy notice to data subjects with whom the Supplier has direct contact unless Supplier and Carrier agree in writing that the privacy notice obligation is solely Carrier's responsibility; vii) notify Carrier immediately if Supplier receives any request from any competent authority relating to Personal Information or any complaint from an individual about the processing of Personal Information in relation to the providing of goods and/or services. Supplier shall co-operate with Carrier and, where applicable, with any competent authority to permit Carrier to respond to the correspondence or complaint; viii) the obligation (a) to notify Carrier immediately if Supplier receives any legally binding request for disclosure of the Personal Information by a law enforcement authority

unless otherwise prohibited, (b) to examine such request for data and appropriately narrow and challenge requests which are not necessary and proportionate and (c) to provide assistance such as reasonable requested by Carrier;

- i) permit Carrier to take reasonable steps to monitor compliance with its obligations under this Clause, including by inspecting Supplier's data processing facilities, procedures, documentation, and by allowing and contributing to audits. Provisions of the Terms that apply to audits of any kind, shall equally apply to any audits related to the compliance with the Data Privacy Laws or Supplier's obligations stipulated under this Clause. Without prejudice to the foregoing, Supplier shall allow for, collaborate with Carrier and contribute to audits and inspections conducted by Carrier or by an auditor mandated by Carrier, in a manner commensurate to (i) the nature and intensity of the risks associated with the processing of Personal Information under an Order, and (ii) the degree of urgency and the severity of the actual or suspected potential breach to the Parties' obligations under Data Privacy Laws. In general, Carrier shall give Supplier a prior notice of no less than 30 days prior to conducting such audits, unless an earlier audit/inspection is required by the applicable Data Privacy Laws or mandated by the competent authorities;
- j) provide Carrier - upon its first request - with any audit reports issued under ISO 27001, ISO 29100, SSAE 16 (or SAS 70), SSAE 18, SOC 2, OR ISAE 3402 that covers Carrier Personal Information;
- k) implement and maintain appropriate technical, physical, organizational, administrative and contractual measures (including the use of encryption, restrictions of physical access to any locations containing Personal Information provided by Carrier, such as the storage of such records in locked facilities, storage areas, or containers, back-up and disaster recovery systems, and any such other measures as necessary or mandated pursuant to applicable Data Privacy Laws, as well as, without limitation, any security measures) to ensure a level of security appropriate to the risk, to avoid unauthorised or unlawful processing of Personal Information, as well as accidental or unlawful loss, destruction, alteration, disclosure, access, storage or any damage to Personal Information. Supplier must periodically test and re-evaluate such technical, physical, organizational and administrative security measures adopted to ensure that they remain appropriate and effective.

3. If Supplier becomes aware of any actual or suspected incident, event, risk or intrusion that, alone or in combination with other circumstances, can subsequently result in, entail or otherwise bring about a Data Breach, as defined above (hereinafter referred to as an "**Incident**"), Supplier shall:

- take all reasonable actions and measures needed to contain and remedy the Incident, wherever possible;
- assist Carrier and provide Carrier with any available information regarding the investigation, remediation and analysis of the Incident, unless specifically restricted to do so under applicable laws;
- as soon as becoming aware of such Incident, notify Carrier and Brunei's Authority for Data Protection within 3 calendar days of all available details relating to such Incident, investigate further and provide Carrier with all additional details, information or conclusions as they become available to Supplier in the course of investigating the Incident;
- if required, provide a detailed explanation alongside the initial notification of why a comprehensive notification of the Data Breach could not be done earlier, so as to enable Carrier to engage with the supervisory authority in accordance with Data Privacy Laws, if need be through an iterative process;
- ensure that Carrier has all the information necessary to notify such Incident to the competent authorities in accordance with the Data Privacy Laws, including, without limitation, the categories and approximate number of data subjects concerned, the categories and approximate number of records concerned, the name and contact details of the contact point

where more information concerning the Incident can be obtained, the likely consequences of such Incident and the measures taken or proposed by the Supplier to mitigate the potential adverse effects thereof;

- promptly initiate, at its own costs, a full investigation into the circumstances surrounding the Incident, and make any reports or notes of the investigation available to Carrier as soon as possible;
- fully co-operate, at Supplier's cost, with Carrier's investigation and provide any assistance requested by Carrier in order for Carrier to investigate the Incident, and possibly notify the Data Breach to the competent authority in accordance with the Data Privacy Laws;
- not make any notification, announcement or publication or authorize any such notification, announcement or publication about an Incident (a "**Breach Notice**") - unless required by law or court order - without the prior written consent of and approval by Carrier of the content, media and timing of the Breach Notice. Where required to provide a Breach Notice by law or court order, Supplier shall make all reasonable efforts to coordinate with Carrier prior to providing any such Breach Notice.

4. Following termination of an Order (or if such Order is subject to a Supply Agreement only following termination of such Supply Agreement), Supplier shall, at the choice of Carrier, delete all Personal Information processed on behalf of Carrier and certify that it has done so, or, return all the Personal Information to Carrier and delete existing copies unless Data Privacy Laws requires storage of the Personal Information. Until the data is deleted or returned, the Supplier shall continue to ensure compliance with this Clause. Absent instructions and except as prohibited by law, the Supplier shall immediately destroy all Personal Information after termination or completion of an Order (or if such Order is subject to a Supply Agreement only following termination of such Supply Agreement), after waiting 30 days to allow Carrier to request the return of Personal Information.
5. Pursuant to Carrier's written instructions, Supplier shall provide Carrier with the ability to purge Carrier Personal Information older than one year, or such other time period agreed upon in writing by the Parties, unless otherwise required to retain the data by applicable law.
6. Parties agree that, to the extent any products or services are delivered by Supplier in the European Economic Area or the UK, the SCCs and ASEAN Model Contractual Clauses (MCCs) are incorporated by reference as if set forth herein. The SCCs will apply to Personal Information that is transferred from the European Economic Area or the UK, either directly or via onward transfer, to any country or recipient outside the European Economic Area or the UK that is (a) not recognized as providing an adequate level of protection for Personal Information, and (b) not covered by any other appropriate data transfer tool. If the Supplier will act as a controller, the Parties agree that Module One applies; if the Supplier will act as a processor, the Parties agree that Module Two applies. For Module Two, Option 2 for Clause 9(a) applies, and notice shall be provided no less than 30 days in advance. For both Modules, Option 2 for Clause 17 applies and the data exporter at issue shall be the relevant one. The law of Belgium shall be the governing law if the applicable EU Member State does not allow for third-party beneficiary rights. For clause 18 for both Modules, disputes shall be resolved in the courts of the EU Member State for the relevant data exporter. If there are multiple relevant data exporters, the Parties agree to jurisdiction and forum of the courts of Belgium. If there is any conflict between the SCCs and the Agreement, the SCCs shall prevail.
7. This Clause will survive the termination of the Agreement.

B. SECURITY FOR CARRIER INFORMATION

1. Seller will use commercially reasonable efforts to establish, maintain and comply with administrative, technical and physical safeguards that are designed to (a) protect the security, availability and integrity of Seller's network, systems and operations, the Services and the Carrier Information; (b) guard against Security Issues; and (c) satisfy the requirements for certification under ISO 27001 and Brunei's Cybersecurity Act 2024. Seller will develop, implement and maintain a written security program, reasonably acceptable to Buyer that includes appropriate administrative, technical, organizational and physical safeguards, security awareness and security measures designed to protect Carrier Information from unauthorized access and use.

2. Seller agrees to install and implement security hardware, software, procedures and policies that will provide effective information security and are acceptable to Buyer. Seller agrees to monitor and update such hardware, software, procedures and policies to utilize improved technology and to respond to developing security threats in order to maintain a level of security protection, preparedness and resilience appropriate for the information involved and the then current state of security solutions. Upon request, Seller shall provide Buyer with any reports or results of any internal audit related to IT security performed by or on behalf of Seller during the term of the Agreement and/or Order or any audit reports issued, including but not limited to, under the SSAE 16 report or ISAE 3402.

Seller shall implement those reasonable requests for modification of such policy requested by Buyer.
 - 3.4 Allow Buyer or its designee to conduct a security audit at its facilities on one day's notice, and allow Buyer at any time to conduct (or have conducted) a network audit. The audits shall include any facilities with Carrier Information including backup storage facilities.
 - 3.5 Segregate all Carrier Information into a separate database only accessible by Buyer, and its agents and those employees and agents of Seller that require access to perform the Services or to maintain the equipment and the program on which it runs, unless otherwise agreed by Buyer. Logical segregation of data, if approved by Buyer, may be an acceptable alternative to this requirement. Seller shall use reasonable efforts, as measured by the available technology at the time, to prevent anyone other than its authorized employees and Buyer and its agents from accessing the Carrier Information.
 - 3.6 Assure that all Carrier Information and applicable software is appropriately backed up and recoverable in the event of a disaster or emergency, and that Seller's disaster recovery plan (as may be otherwise required herein) shall incorporate such requirements.

4. Encryption Requirements. Seller will use, and will cause Seller Personnel to use, appropriate forms of encryption or other secure technologies at all times in connection with the Processing of Carrier Information, including in connection with any transfer, communication, remote access or storage (including back-up storage) of Carrier Information, as authorized or permitted under the Agreement and/or Order. Notwithstanding any provision to the contrary herein, Buyer Personal Information shall not be stored on any Seller mobile computing devices (e.g. laptop computers, PDAs (personal digital assistants), etc.)
 5. Notification. Seller will provide to Buyer immediate written notice of (i) any failure to meet the then

current standards for information security, and (ii) any and all reasonably suspected and/or confirmed Security Issues. Immediately following any Security Issue or any other failure to meet information security standards, whether identified by Seller or Buyer, Seller will take steps to mitigate risks posed, consult in good faith with Buyer regarding remediation efforts, and undertake a remediation plan which Buyer determines in its sole but reasonable discretion, to be necessary, reasonable or appropriate under the circumstances commensurate with the nature of the Security Issue or failure, or as requested by any government body. Seller will be solely responsible for all costs and expenses, including, without limitation, the reasonable costs of re-testing performed to verify that any Security Issue has been remediated. All capitalized terms used in this policy but not defined shall have the same meaning given to them in the Terms.

1. Seller shall perform identity screenings, work authorization verifications and background checks on any and all Seller Personnel seeking Access in order to identify persons or entities ineligible for such Access. In furtherance of this obligation, Seller shall, in advance of any request or grant of such Access:

1.2 Verify the identity and requisite work authorization of Seller Personnel requiring Access. Buyer or its Affiliates may further direct Seller to use a designated service provider to verify authorization to work, Brunei nationality or valid work permit status, at Seller's sole cost and expense.

3. Seller is responsible for ensuring that any Seller Personnel requiring Access meet such Access requirements and that Access privileges are limited to approved Seller Personnel. Seller shall immediately notify Buyer if, at any time during the performance of the Order, (i) any information related to Seller Personnel is altered or rendered inaccurate for any reason, or (ii) the need for Access ceases for any of such Seller Personnel having Access. The need to Access shall automatically cease for any Seller employees who are terminated, transferred, or otherwise no longer employed by Seller.

4. Seller or Seller Personnel's refusal or failure to meet Buyer's Access requirements at any time during the performance of the Order may result in Buyer's refusal to grant Seller Personnel Access, and Seller agrees that Buyer shall have the right to deny, and, without notice, terminate Access by Seller or any of Seller

Personnel in whole or in part. Inability of Seller to comply with the requirements of this provision shall not excuse Seller from performing the Agreement and/or Order and shall not constitute an "Excusable Delay" as set forth in the Section herein entitled "Force Majeure."

5. If Seller is an individual, Seller acknowledges that he/she is not an employee of Buyer or Buyer Affiliate and is not entitled to the rights and benefits of a Buyer or Buyer Affiliate employee including, but not limited to, participation in pension, savings, health care and other employee benefit plans and arrangements.
